

Comprehensive Compassionate Pro-Life Policy Legislative Priority

For the 2026 SD, County, and RPT Conventions

The Republican Party of Texas affirms a compassionate pro-life approach:

- advancing enforcement against illegal abortion providers and traffickers of chemical abortion drugs;
- opposing criminal penalties for women seeking or who have obtained an abortion;
- supporting increased funding for pregnancy centers, adoption services, maternal health programs, and post-abortion healing; and
- promoting education that affirms the dignity of every innocent human life and empowers women to choose life.
